The cost of the state exam IS NOT included in the tuition. Currently, the cost of the State Exam is \$124. (Written and Skills).

The NWNACT program endorses the Americans with Disabilities Act and in accordance with our policy, reasonable accommodations may be provided for a student with a disability. In order to be admitted and to progress in the CNA program, the student must be able to meet essential functions with or without accommodation. NWNACT will provide reasonable accommodations, however, the school is not required to make modifications that would substantially alter the nature or requirements of the program or to provide auxiliary aids that present an undue burden to NWNACT.

To complete the program or to continue in the program, the student must be able to perform all essential functional abilities either with or without accommodation.

Functional abilities relate to the behavioral components of student competence. They are abilities identified by the NWNACT program as essential for safe patient care and are used as a guide in determining reasonable accommodations.

The categories of functional abilities are:

- Visual
- Auditory
- Tactile
- Olfactory
- Communication
- Interpersonal Relationships
- Cognitive Thinking
- Motor Functions

Acceptance into the NAC Program does not imply or guarantee future employment in the health care field. Northwest N.A.C. Training does not discriminate against students or potential students on the basis of race, creed, religion, color, national origin, sex, veteran or military status, sexual orientation, or the presence of any sensory, mental, or physical disability or the use of a trained guide dog or service animal by a person with a disability.

Northwest N.A.C. Training acknowledges that information pertaining to an applicant's disability is voluntary and confidential and will be made on an individual basis. If this information is presented, NWNACT will reasonably attempt to provide an accommodation to overcome the effects of the limitation of the qualified applicant. All inquiries about accommodations should be made to the Program Director upon registration to the program. In most cases, medical documentation will be required because of the rigors of the curriculum.

WITHDRAWALS, EXPULSION & REFUNDS

Withdrawal is defined as a voluntary cessation of the student's participation in the NWNACT Nursing Assistant Education Program, based on a voluntary decision made by the student.

Expulsion is defined as an involuntary cessation of a student's participation in the NWNACT Nursing Assistant Education Program, based on decisions made by NWNACT staff due to lack of payment of tuition, policy violations, attendance matters, or poor performance.

Withdrawals and Refunds

The Certified Nursing Assistant program is comprised of two sections, the didactic (classroom and lab) section, and the clinical (on-site at health care facilities) section.

1. The school must refund all money paid if the applicant is not accepted. This includes instances where a starting class is canceled by the school.

2. If the student changes his or her mind and no longer wishes to take the class, within five days of making his or her initial payment, and the student has not yet begun classes, all monies paid will be refunded.

3. The school may retain an established registration fee equal to 10 percent of the total tuition cost, or \$100, whichever is less, if the applicant cancels after the fifth business day after signing the contract or making an initial payment. A "registration fee" is any fee charged by a school to process student applications and establish a student record system.

4. If the student withdraws or is expelled from the program following the start of classes, refunds will be processed as follows:

- a. Student has completed three days or less of the program - He or she will be refunded 90% of tuition paid, not including the Application Fee.
- b. Student has completed at least three days, but less than 25% of the program - He or she will be refunded 75% of tuition paid, not including the Application Fee. *
- c. Student has completed between 25% and 50% of the program - He or she will be refunded 50% of tuition paid, not including the Application Fee. *
- d. Student has completed more than 50% of the program - Student is not eligible for a refund.

If the student had not paid for the program in full at the time he or she withdraws, the refund will be pro-rated based on the amount actually paid.

When calculating refunds, the official date of a student's termination is the last day of recorded attendance:

- a. When the school receives notice of the student's intention to discontinue the training program; or,
 - b. When the student is terminated for a violation of a published school policy which provides for termination; or,
 - c. When a student, without notice, fails to attend classes for thirty calendar days.
- All refunds must be paid within thirty calendar days of the student's official termination date.

Credits

If a student chooses to **withdraw** from the Nursing Assistant Education program and has money owing, he or she may elect to receive credit for a future class instead of receiving cash. This, however, does not guarantee that the student will be admitted into the next CNA class.

Expulsion

If a student is **expelled** from the program, his or her only option will be to request a refund.

REFUND SCHEDULE

1. All refunds owing will be made within thirty (30) calendar days of the date of determination of student withdrawal or expulsion.
2. If the NWNACT cancels the Certified Nursing Assistant program after a student has started the program, the institution will refund all monies paid by the student, including the initial application fee.

PAYMENT OF FEES AND TUITION

Students must pay a minimum of \$495 towards tuition by the first day of class (\$400 tuition plus \$100 Application Fee). Failure to do so may result in termination from the program. Students are encouraged to pay the entire \$1085 cost at the beginning of class in order to avoid any future payment problems.

If a student chooses to pay only the required \$495.00 prior to the first day of class, he or she will be required to pay the remaining balance due of \$550 prior to the first day of the clinicals. Failure to make this final payment may result in termination from the program.

Dear Student,

As caregivers and medical professionals, it is **imperative** that we understand the importance of complying with the Health Insurance Portability and Accountability Act (HIPPA). This Federal Law states that *all* of a patient's personal health information (PHI) must be kept confidential and protected by health care facilities and those who are responsible for their care.

During the Clinical portion of our NAC Program, you, as a student, will be entrusted with personal health information of many people. You are responsible to protect this information and to keep it confidential – this is mandated by Federal Law. Violating this law will result in prosecution and fines for the staff (including students) and the facility involved. This means that any patient information **is only shared on a strict need-to-know basis.**

Therefore, the following behaviors will not be tolerated by NW NAC Training, and will result in **immediate expulsion of any students involved:**

- Posting photographs, names, or **any** PHI of patients on Facebook, Twitter, e-mail, online or through **any** media, electronic or otherwise.
- Taking of any photographs of patients with cell phones or another device – **with or without patient's permission.**
- Divulging PHI of any client *in any manner*, whether verbal, visual audio, or in any other way.

Thank you,

Jennifer Griffis, R.N., Director

I have read and understand the above. I understand that if I violate the above rules or fail to comply with HIPPA regulations, I may be expelled from the NW NAC Training program:

DRUG TESTING CONSENT AND RELEASE FORM

I have been accepted into a medical training program to be conducted by Northwest N.A.C. Training (NWNACT). My medical training will involve, among other things, my participation in clinical settings where I will have patient contact.

I understand the need for me to be unimpaired by any type of substance, legal or illegal, that could impede my ability to provide proper patient care.

Based on the above, I hereby consent to submit to urinalysis and/or blood tests if I am requested to do so by a representative of NWNACT. I understand that such a request will not be made of me unless I am observed exhibiting behavior that a reasonable person could conclude showed some type of impairment.

Should such testing be requested, I understand and agree to the following:

- NWNACT may select the lab or labs to collect and analyze the specimen(s).
- I authorize the release of the results of said tests to NWNACT.
- I understand that a positive test, or refusal to submit to a test, will result in my being removed from my medical training at NWNACT with no refund available to me of monies paid.
- I fully release and hold harmless NWNACT and their employees from any liability arising in whole or in part out of the collection of specimens, testing, analysis, and use of the information from said testing in connection with NWNACT's decision to act on same.

I have carefully read the foregoing and fully understand its contents. I acknowledge that my signing of the Consent and Release Form is a voluntary act on my part and that I have not been coerced into signing this document by anyone.

It is required that all CNA students hold a basic CPR certification before they are allowed to attend the clinical portion of their training.

If a CNA student does not have BLS/CPR certification, ***THEY WILL NOT BE ALLOWED TO ATTEND CLINICAL TIME UNTIL IT HAS BEEN COMPLETED AT STUDENTS OWN EXPENSE ELSEWHERE.***

If student DOES NOT HAVE A BLS/CPR CERTIFICATION see options below:

- Option 1: Contact Amy Deneen at 360-600-3487. Ask Amy for a \$10 off voucher.
- Option 2: Check at the front desk at NWRTC and find out when the next course is offered. (The student will be responsible for the cost. Ask CNA office for \$10 off voucher). He can then show up the day of the class, and, if there is a space left, can attend.
- If you currently hold a CPR Certification and you think you might not need to attend a BLS course, you must show your current card to Jenny Griffis, or front office ladies of CNA. It must be verified that the card meets the above certification requirements and adheres to the current AHA Guidelines. If this is so, a copy will be placed in your Student File. **This must happen before Clinical.**

I have read and understand the above:

ATTENDANCE POLICY AND GRADE

Attendance: It is of the utmost importance to graduate from Northwest Nac Training. **Missing two days or NO CALL NO SHOW 2 TIMES for Zoom lecture, lab or clinicals is an automatic drop from class due to required program hours.**

Tests: Quizzes, lab mock testing/simulation are scheduled on specific dates. All are noted on the class syllabus (schedule). **Missing tests, quizzes and/or lab simulation/mock testing will earn the student an automatic zero '0', failure grade for that event. If you know of a preplanned absence and a test/quiz/mock test is due, student can schedule to take that event early. Communicate with office prior to absence.**

Illness: Provide a doctor's note and call to Program Director/office or family emergency with a call to the office and speaking to the Program Director – Jenny Griffis 360-609-8109 or the Office Coordinator – Michelle 360-609-6305 may be excused. **Missed clinical time and/or lab time will need to be made up. Communication: Keeping the Office Coordinator and/or Program Director informed will eliminate much confusion with any of the above. We cannot read your mind, take ownership of your education. **Read the class syllabus/schedule frequently to stay up on due dates and where you should be whether it's Zoom online, lab at the school, clinicals at a healthcare facility.**
